## CITY OF OJAI URBAN WATERSHED ASSESSMENT AND RESTORATION PLAN (CDFG CONTRACT NO. PO250014)

*Prepared for:*  
**CITY OF OJAI**

*and*  
**CALIFORNIA DEPARTMENT OF FISH AND GAME**

*With Assistance from:*  
**HAWKS & ASSOCIATES**

### *DMEC Mission Statement:*

*To provide quality environmental consulting services with integrity  
that protect and enhance the human and natural environment.*

**August 2005**

---

# **City of Ojai Urban Watershed Assessment and Restoration Plan**

(CDFG Contract No. PO250014)

*Prepared for:*

**City of Ojai**  
401 South Ventura Street  
Ojai, California 93023

*and*

**California Department of Fish and Game**  
1807 13<sup>th</sup> Street, Suite 104  
Sacramento, California 95814

*Prepared by:*

**David Magney Environmental Consulting**  
P.O. Box 1346  
Ojai, California 93024-1346

*With Assistance from:*

**Hawks & Associates**  
2259 Portola Road, Suite B  
Ventura, California 93003

**8 August 2005**

*This document should be cited as:*

David Magney Environmental Consulting. 2005. City of Ojai Urban Watershed Assessment and Restoration Plan (CDFG Contract No. PO250014). 8 August 2005. (PN 02-0151.) Ojai, California. Prepared for the City of Ojai, California, and California Department of Fish and Game, Sacramento, California.

*Cover Photograph:*

San Antonio Creek (Reach 1) along Creek Road near its confluence with Del Norte Creek (photograph taken on 3 December 2004).

## **TABLE OF CONTENTS**

	<b>PAGE</b>
<b>EXECUTIVE SUMMARY.....</b>	<b>1</b>
<b>INTRODUCTION.....</b>	<b>2</b>
BACKGROUND .....	2
PROJECT OBJECTIVES .....	3
SOUTHERN STEELHEAD .....	4
STATUS AND DISTRIBUTION.....	4
LIFE HISTORY.....	5
SOUTHERN CALIFORNIA STOCK.....	6
THE VENTURA RIVER.....	7
RIVERINE WETLAND FUNCTIONS.....	8
PROJECT AREA.....	11
CITY OF OJAI HISTORICAL CONDITIONS .....	13
OJAI VALLEY AND CITY STREAMS .....	13
<b>METHODS .....</b>	<b>18</b>
STREAM HABITAT CHARACTERIZATION .....	18
WATER QUALITY SAMPLING .....	21
DETERMINING LIMITING FACTORS.....	22
<b>EXISTING CONDITIONS .....</b>	<b>25</b>
PHYSICAL ENVIRONMENT OF OJAI BASIN STREAMS .....	25
CLIMATE AND RAINFALL .....	25
HYDROLOGY .....	26
Subwatersheds .....	26
HABITAT CHARACTERIZATION OF STREAM REACHES .....	31
General Flow Conditions.....	31
Channel Morphology.....	33
Stream Type .....	34
Inundation.....	36
Water Depth and Width.....	37
Velocity and Discharge .....	38
Instream Description and Cover Type.....	40
Riparian Habitat .....	41
Percent Shading.....	42
Substrate Composition and Particle Size.....	45
Potential for Spawning and Rearing.....	48
WATER QUALITY.....	48
Conductivity and Specific Conductance .....	54
Temperature.....	55
Dissolved Oxygen and Carbon Dioxide .....	57
Turbidity.....	58
pH.....	60

## **TABLE OF CONTENTS (continued)**

Salinity .....	62
Total Coliform Bacteria.....	63
<b>BIOLOGICAL ENVIRONMENT OF OJAI BASIN STREAMS.....</b>	<b>68</b>
PREDOMINANT PLANT SPECIES .....	68
HABITAT DESCRIPTIONS.....	68
Palustrine System (Riparian Habitats).....	73
Riverine System (Aquatic Habitats).....	82
WILDLIFE.....	84
Fauna .....	85
Wildlife Survey Results.....	85
Wildlife Habitats .....	90
<b>ADJACENT LAND USES .....</b>	<b>94</b>
LOCATION, QUANTIFICATION, AND ASSESSMENT OF SPECIFIC LAND-USE	
ACTIVITIES OF CONCERN .....	97
<b>IMPERVIOUS COVER.....</b>	<b>100</b>
QUANTIFYING IMPERVIOUS COVER .....	103
CLASSIFYING URBAN STREAM QUALITY POTENTIAL.....	104
Land Impervious Cover.....	104
Instream Impervious Cover .....	105
<b>BARRIERS/FACTORS CAUSING HABITAT DEGRADATION .....</b>	<b>111</b>
SAN ANTONIO CREEK WATERSHED MODIFICATIONS .....	111
Channelized Streams .....	113
Undergrounded Streams .....	115
Bridges, Culverts, and Other Barriers .....	117
<b>SUMMARY OF OJAI CREEK CONDITIONS.....</b>	<b>121</b>
ARBOLADA CREEK .....	121
AYERS CREEK .....	124
DEL NORTE CREEK .....	125
EAST END CREEK .....	126
FOX CANYON BARRANCA .....	126
GRANDVIEW-PARK DRAIN .....	128
NORDHOFF DRAIN .....	128
OAK CREEK.....	129
OJAI CREEK.....	130
POST OFFICE CREEK .....	131
SAN ANTONIO CREEK .....	131
SOULE PARK CREEK & WEST SOULE PARK CREEK .....	132
STEWART CANYON CREEK .....	133
THACHER CREEK .....	134
VILLANOVA CREEK.....	135
<b>RESTORATION PLAN.....</b>	<b>136</b>
CDFG'S FOCUS ON RESTORATION .....	136
OJAI BASIN STREAMS RESTORATION OPPORTUNITIES.....	137
RESTORATION GOALS AND PROJECTS.....	138

## **TABLE OF CONTENTS (continued)**

Goal A - Remove Fish Migration Barriers .....	139
Goal B - Improve Aquatic Habitat Conditions.....	144
Goal C - Preserve Existing Riparian and Instream Habitats .....	149
Goal D - Prevent Aquatic Habitat and Water Quality Degradation .....	151
<b>CONCLUSIONS .....</b>	<b>157</b>
<b>CITATIONS.....</b>	<b>158</b>
REFERENCES CITED.....	158
PERSONAL COMMUNICATIONS.....	161
<b>ACKNOWLEDGEMENTS .....</b>	<b>162</b>
<b>APPENDICES .....</b>	<b>163</b>
APPENDIX A. FIELD DATA SHEETS.....	163
APPENDIX B. OJAI STREAMS WATER QUALITY SAMPLING RESULTS .....	163
APPENDIX C. SUMMARY TABLE OF CREEK OBSTRUCTIONS .....	163
APPENDIX D. SMALL SCALE TOPO MAPS OF OJAI STREAM DRAINAGES ...	163

## **LIST OF FIGURES**

<b>FIGURE</b>	<b>PAGE</b>

25. Results of Land Impervious Cover Analysis for the Ojai Valley Watershed .....	105
26. Impervious Cover Lengths Summary for Creeks within the City of Ojai .....	107
27. Percent Impervious Cover Summary for Creeks within the City of Ojai .....	107
28. Summary of Stream Reach Imperviousness for Creeks of the City of Ojai .....	108
29. Undergrounded Streams Summary for Creeks within the City of Ojai .....	117
30. Summary of Favorable Conditions for Determining Spawning and Rearing Potential in the Ojai Creeks.....	122
31. Matrix of Potential Stream Habitat Restoration Actions by the City of Ojai .....	140

## **LIST OF PHOTOGRAPHS**

<b>PHOTOGRAPH</b>	<b>PAGE</b>
1. Overflow of Thacher Creek on Ojai Avenue during winter storm event.....	25
2. San Antonio Creek during winter storm event. ....	25
3. San Antonio Creek above Grand Avenue showing natural channel morphology.....	33
4. San Antonio Creek showing a rifle-pool-riffle stream type.....	34
5. San Antonio Creek showing a run stream type.....	34
6. Stewart Canyon Creek showing root wads and logs as functional instream cover.....	41
7. San Antonio Creek showing quality functional riparian habitat.....	42
8. Fox Canyon Barranca showing poor quality stream habitat predominated by invasive exotics.....	42
9. Boulders of San Antonio Creek.....	45
10. Cobbles of Fox Canyon Barranca.....	45
11. Gravels of Arbolada Creek.....	45
12. Freshly painted "Don't Dump" sign on Daly Road.....	50
13. Thacher Creek during winter storm creating elevated levels of turbidity.....	59
14. "Don't Litter" sign on fence of Fox Canyon Barranca at Ojai Avenue.....	64
15. Close proximity of horse corral to active creek channel.....	64
16. Positive coliform indicator results for Water Quality Sampling Stations 1 through 5.....	67
17. Positive coliform indicator results for Water Quality Sampling Stations 6 through 10.....	67
18. Positive coliform indicator results for Water Quality Sampling Stations 11, 12, 14, 15, & 17.....	67
19. Fox Canyon Barranca, Mugwort ( <i>Artemisia douglasiana</i> ) in foreground.....	68
20. Ojai Creek, California Wild Grape ( <i>Vitis californica</i> ) climbing sycamores and oaks.....	68
21. Post Office Creek, Pacific Blackberry ( <i>Rubus ursinus</i> ) creating the groundcover.....	68
22. Del Norte Creek, view north showing Cattail Series in the foreground.....	73
23. Nordhoff Drain showing California Annual Grassland.....	74
24. Grandview-Park Drain showing Ruderal Grassland Series.....	75
25. San Antonio Creek showing old-growth Arroyo Willow Series.....	76
26. Fox Canyon Barranca showing Mulefat Series.....	77
27. Fox Canyon Barranca showing California Sycamore Series.....	80
28. Upper end of Stewart Canyon Creek showing dense Coast Live Oak Series.....	81
29. Lower end of Stewart Canyon Creek showing intermittent canopy of Coast Live Oak Series.....	81
30. Nordhoff Drain and Happy Valley Drain confluence showing dense Eucalyptus Series.....	82
31. Arbolada Creek showing how very little grows beneath Eucalyptus Series .....	82
32. Arbolada Creek view north showing planted ornamentals prohibiting natives establishment .....	82
33. Fox Canyon Barranca showing dominance by escaped ornamentals .....	82
34. Matilija Shoulderband Snail ( <i>Helminthoglypta willetti</i> ) .....	85
35. Black-bellied Slender Salamander .....	85
36. Spiders .....	85
37. Beetle larvae .....	85
38. Grandview-Park Drain showing Raccoon and bird tracks in the Riverine habitat .....	93
39. Stewart Canyon Creek Reach 1 showing root wads under which a Steelhead was observed .....	93
40. Stewart Canyon Creek showing a Mallard foraging in the stream channel .....	93
41. Horse corral next to channel .....	96
42. Horse urine and manure within 25 feet of creek .....	96
43. Lower open portion of Stewart Canyon Creek flood channel .....	96
44. Fire fighting activities that damaged aquatic habitats on San Antonio Creek .....	96
45. Undersized culvert for driveway entrance along Signal Street .....	96
46. Stewart Canyon Creek showing example of natural surface .....	109
47. Ojai Creek showing example of compacted surface .....	109

## **LIST OF PHOTOGRAPHS (CONTINUED)**

48. Stewart Canyon Creek showing example of impervious surface .....	111
49. Stewart Canyon Debris Basin empty during spring and summer months .....	113
50. Stewart Canyon Debris Basin filled after winter storm event .....	113
51. San Antonio Creek Arizona Crossing at Soule Park Golf Course as major Steelhead barrier .....	113
52. San Antonio Creek Arizona Crossing at Soule Park Golf Course washed out and buried .....	113
53. Stewart Canyon Creek showing aboveground flood control concrete channel .....	115
54. Fox Canyon Barranca showing meander pattern in concrete channel .....	115
55. Undergrounding of Ojai Creek .....	115
56. Undergrounding of Stewart Canyon Creek by a flood control channel and box culvert .....	115
57. Fox Canyon Barranca bridge with box culvert .....	117
58. Fox Canyon Barranca bridge with cement floor at North Ventura .....	117
59. Fox Canyon Barranca underground intake (non-road) culvert, view downstream .....	119
60. Grandview-Park Drain road culvert .....	119
61. Fox Canyon Barranca Debris Dam .....	119
62. Stewart Canyon Creek Debris Basin with standpipe .....	119
63. Arbolada Creek Reach 1 .....	124
